GRADES 9-12 / PUBLIC / TRADITIONAL CALENDAR

CAREER AND TECHNOLOGY EDUCATION (CTE) PROGRAM.
The CTE Program prepares students for a range of high-wage, high-skill careers through cutting-edge, rigorous and relevant career courses. Through partnerships with local colleges and employment hubs, students develop the most desirable job market skills, while simultaneously designing products in the school's own mechanic shop, landscaping center and print graphics lab.

PROJECT LEAD THE WAY.
Creative blueprints, working prototypes and reality TV shows. They're just a few of the exciting things we see emerge during this technology-based STEM program.

BRING YOUR OWN DEVICE (BYOD).
East Wake High School encourages students to bring their own technology to school to assist with hands-on learning. No device? No worries. The school will provide equipment to those who need it.

VIRTUAL ENTERPRISE INTERNATIONAL CLASS.
By bringing the workplace into the classroom, students turn into professionals and learn to conceptualize, implement, market, evaluate and manage businesses—from product creation to human resources. You won't get this program anywhere else—East Wake High School is the only Wake County high school to offer it.

ADVANCED PLACEMENT COURSES.
East Wake High School offers 19 AP courses, taken either on-site, or online through the North Carolina Virtual Public School.

DUAL ENROLLMENT OPPORTUNITY AT WAKE TECH.
Want a headstart on college? Dual enrollment with Wake Tech helps make it happen (for free, by the way).
